Catherine.M.Swezey@vanderbilt.edu, triley@vt.edu

IWLCA All-American Form Procedures and hints:

1. The first sheet is a general information sheet that allows you to enter in the information about the program that does not change from sheet to sheet. This info (game scores, coach particulars, etc) will be copied automatically on each form.
2. On each sheet you will need to fill in the name of the player, your ranking for her, and all of her pertinent information. Note that this includes player address, cell phone and email as well. NOTE: Enter the information in the cell immediately following the requested information. The only exception is player name, which needs to be entered in by clicking on the cell that has "Player:" and typing in her name after the colon.
3. Enter in the game stats, paying close attention to the column headings. The columns follow the Final Game Report form, so you can transcribe the information easily. You must enter games played and games started separately.
4. Enter minutes as rounded to the nearest whole minute.
5. The comment field is basically one large cell. Type your comments in a word document and then cut and paste the entire comment in the cell X9. You have space for about 100 words.
6. Feel free to call/email me with any questions. 434-982-5977 or chipr@virginia.edu
